

Title: Quality Assurance Policy Statement

QPO-420-01

This Policy confirms Drivetrain’s commitment to providing our Customers with continually improving Quality, Value and Service.

Drivetrain is committed to implementing an effective and integrated Quality Management System, based on the International Quality Management standard ISO 9001:2008.

Our commitment is to:

- Continuously increase our performance, as measured by quality, service, value for money and reliability
- Develop deep and strong capability across the engineering product life cycle in our chosen segments
- Deliver our capability effectively and efficiently through all relevant Drivetrain operations
- Achieve Excellence in Execution

We will accomplish this by:

- Closely understanding our **customers’** needs and expectations and striving passionately to meet them
- Promoting an Integrated Management System culture with strong emphasis on **safety** and **environmental responsibility**
- Systematically **managing Risk** across the business
- Developing a project management culture and providing ongoing training and development for our **employees**
- Maintaining a high level of professionalism and technical competency
- **Empowering** our people with clear responsibility and matching authority
- Embracing the use of **Quality** processes
- Engaging closely and effectively with our **suppliers** and **partners** to deliver agreed objectives and mutual benefit

The full support of Drivetrain employees, suppliers and subcontractors is sought in meeting our commitment.
