

POWER AND PROPULSION SERVICES

DRIVETRAIN VELOCITY RELIABILITY VISIBILITY

Imagine working with an organisation that delivers products and solutions with velocity, whose reliability extends across every sector of their professional competency, and whose operational systems give you visibility on key elements of the process. That is excellence in execution. That is Drivetrain Power and Propulsion.

We are an international integrated organisation operating on 5 continents. Our exceptional depth of technical ability spans the complete engineering product lifecycle: design, application engineering, troubleshooting, supply and service, and a worldwide through-life support programme. Our capabilities, and our understanding of the crucial need for timely delivery, have created global demand for our expertise on heavy mobile powertrain systems, large frame turbochargers, diesel and gas power generation and compression.

Our expertise is applied across three industry streams:

- Mobile Powertrain
- Power and Compression
- HS Turbochargers

WHAT WE DO IN POWER AND PROPULSION

Drivetrain brings to you a proven and highly trained field service capability. We specialise in heavy engine and compression system maintenance, repair, and overhaul (MRO) for the marine, mining, oil, gas, and power sectors. Our extensive heavy engine work with the Royal Australian Navy was the catalyst for the expansion of our operations, and today we can provide high value solutions at remote sites around the globe including mine sites, oil platforms, industrial plants, surface vessels, and submarines.

Thanks to our superior resource availability, Drivetrain is in the unique position to add value to your business by minimising engine downtime. Rapid response from a team with unsurpassed technical expertise, within an established engineering framework, equals cost effective long-term efficiency for your operation. That's smart business.

OUR SERVICES

- MRO of diesel and gas engines and driven equipment including compressors, generators, and ancillaries, either on site or at our well-equipped workshops.
- Design, installation, and commissioning of; engine, power, and compression systems.
- Authorised service centre for EMD Power Products and Guascor Power.
- Through-life support and asset-management for critical engine and driven equipment.
- Technical and engineering services in remote locations.
- German manufactured high quality replacement Seco parts for Wärtsilä and MAN, improving component life and reliability.

Drivetrain is the
**Authorised
Distributor for
Guascor Engines
and Generators
in Australia and
New Zealand.**

Drivetrain is the
**Authorised EMD
Power Products
Service Centre**
for Australia, New
Zealand, Pacific
Islands and the
greater part of
South East Asia.

DRIVETRAIN EVERYWHERE YOU NEED US

Your power and propulsion system needs have shaped our focus:

Velocity

- Customised management systems ensure swift mobilisation and reduced downtime.
- Optimising quality outcomes is furthered by our OEM factory trained technicians.
- A depth of engineering capability, enabling great flexibility and the capacity to handle projects of varying complexity and duration.

Reliability

- 25 years of experience, counterbalanced by a dynamic culture of resourcefulness and ingenuity.
- Confidence assured by our Naval Technical Regulatory System (NTRS) compliance and the capability and discipline inherent in working with the Royal Australian Navy.
- Authorised EMD Power Products and Guascor Service Centre offering OEM factory trained technicians, working with genuine parts.
- A highly proficient team of staff who keep on top of the latest technology and procedures with continual training and certifications.

Visibility

- A long tradition of after-sales support and premium customer service.
- Reporting processes that set an industry benchmark of professionalism and integrity, offering transparency throughout our quality and project management procedures including detailed quality service reports and status reporting.
- Genuine customer service is at the core of our value proposition and forms the foundation of our global business.
