# DRIVETRAIN VELOCITY RELIABILITY VISIBILITY

Imagine working with an organisation that delivers products and solutions with velocity, whose reliability extends across every sector of their professional competency, and whose operational systems give you visibility on key elements of the process. That is excellence in execution. That is Drivetrain Power and Propulsion.

We are an international integrated organisation operating on 5 continents. Our exceptional depth of technical ability spans the complete engineering product lifecycle: design, application engineering, troubleshooting, supply and service, and a worldwide through-life support programme. Our capabilities, and our understanding of the crucial need for timely delivery, have created global demand for our expertise on heavy mobile powertrain systems, large frame turbochargers, diesel and gas power generation and compression.

Our expertise is applied across three industry streams:

- Mobile Powertrain
- Power and Compression
- HS Turbochargers

## WHAT WE DO IN FLEET PRODUCTS

Drivetrain Power and Propulsion is Australia's specialist fluid connector supplier. We are a trusted partner for integrated supply chain management, where reliability of supply and technical support are key drivers.

Our reputation has been forged over 20 years with determined commitment to excellence in execution at all levels of customer support and relationship management. We have a dedicated team with the experience and flexibility to meet your logistic challenges and work schedules in Australia and New Zealand.

With our large distribution and inventory investment and our technical support and customer service centre, Drivetrain Power and Propulsion is a quality alternative for your hose and connector parts needs. We have what you need, when and where you need it, at a competitive price.

***“Drivetrain has always shown a strong emphasis on delivering a very high level of service. Their fast response times and expanding range of quality products, supported by staff with the knowledge of the product they sell, has made them a long-term partner of IVECO TRUCKS AUSTRALIA.”***

*-Mr Hanny Makary  
Purchasing Manager  
IVECO TRUCKS AUSTRALIA*

## OUR FLEET PRODUCTS

### WeatherFlex™

- Nylon tube in a range of colours to SAEJ844 and DIN74324
- DOT rubber air brake hose

### WeatherFit™

- DOT approved air brake fittings (compression and push to connect)
- Drain valves, shut-off valves, brass adaptors, 45Deg SAE flare fittings
- SA Series quick disconnect couplings

- Valves
- Cylinders
- Controls

Drivetrain also offers accessories such as Suzicoils, Hosetennas, and Electrocoils as well as product/technical support and advice for our full product range. Our customer service team is available and ready to take your enquiries, fulfill your orders and assist you in every way.

## DRIVETRAIN YOUR TRUSTED PARTNER

Your fleet product needs have shaped our focus:

### Velocity

- We have recently upgraded our inventory management processes and investment to ensure product availability, where and when you call for it.
- The scale of our distribution network extends to regional service centres.
- Streamlined product support systems enable rapid response to enquiries and product delivery.
- Knowledge and experience built up over 25 years servicing the industry is on call for your support.

### Reliability

- We are a trusted partner for on-highway OEMs, where supplier reliability is key to production and 'all-makes' sales support.
- Products meet SAE/DIN specifications.
- Our qualified engineering staff reinforce our extensive product and technical capabilities.

### Visibility

- Our systematic management processes allow full visibility, so you are in touch with a job's progress every step of the way.
- Our reporting processes set an industry benchmark of professionalism and integrity.
- We offer transparency through our quality procedures including detailed service reports and status reporting.
